2 October 2025

Ms. Riya Kapoor
Creative Director
Indigo Design Co.
Mumbai, India

Subject: Invitation to Collaborate on a Design Residency

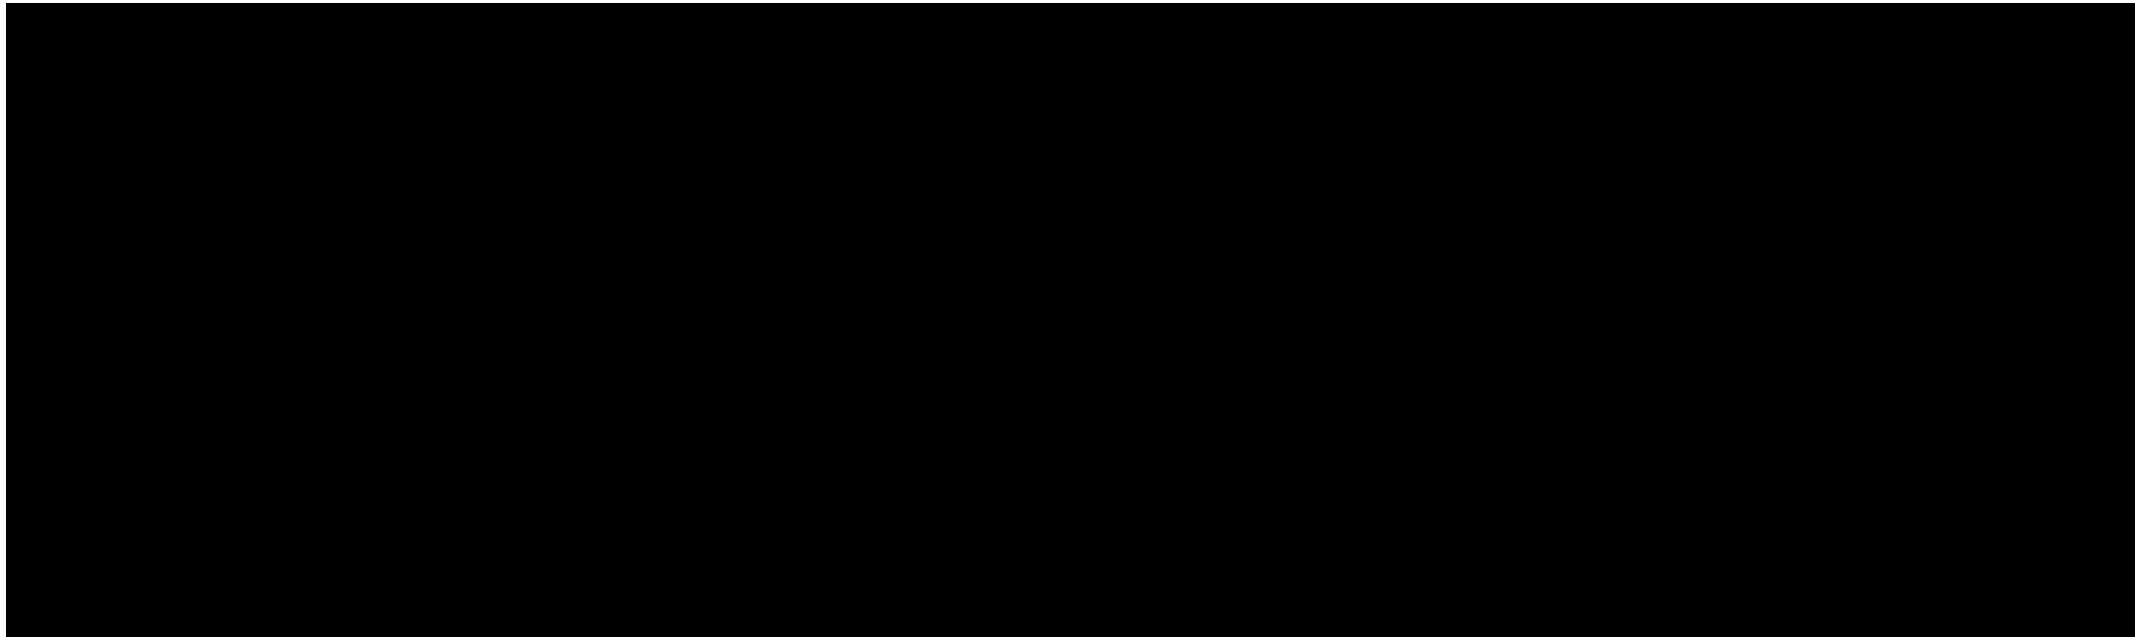

Dear Ms. Kapoor,

I hope this message finds you in great spirits. I'm writing to introduce Studio Alinéa, an independent creative practice based in Pune, focused on crafting thoughtful and human-centered design experiences.

We've been following your work at Indigo Design Co. with deep admiration — your innovative approach and visual storytelling truly resonate with our philosophy. It would be an honor to explore a potential collaboration between our studios for the upcoming Design Residency 2025, which aims to bring together multidisciplinary creatives for a 3-month immersive exchange.

Should this align with your interests, we would be delighted to schedule a conversation and discuss how our collective strengths can shape something meaningful.

Looking forward to hearing from you.
